

ROTARY CLUB HEALTH CHECK

Just as routine doctor's visits help us identify health risks before they become serious, a club health check can diagnose problem areas and prescribe remedies.

By using this health check, you're taking a step to maintain your club's health and preserve its value for members and the community.

Place a check mark in the boxes next to the statements you consider to be true. Then act on the suggested remedies for any problem areas you've identified.

YOUR CLUB EXPERIENCE

Members who have a positive Rotary experience are more likely to stay. In turn, they create a positive Rotary experience for others, because their enthusiasm is contagious. If your club's members genuinely enjoy being a part of the club, you're on the right path. Your experience includes not just your club meetings and other activities, but also the connections you've made and your pride in Rotary's work.

- I look forward to attending club meetings.
- Our club meeting programs are relevant, interesting, and varied.
- We have a greeter who welcomes members to meetings.
- Our meetings are organized and run professionally.
- Members sit at different tables each week to meet and talk to different people.
- Some of the members of my club are my close friends.
- Members other than club leaders participate in Rotary events at the district or international level.
- Most members are aware of Rotary's progress toward polio eradication and feel proud to be a part of it.
- Our members contribute to The Rotary Foundation.
- We raise funds in a way that allows members to contribute what they wish.
- We recognize members of the club or community at least monthly.
- I have made international connections through Rotary.
- Our club tries new things (activities, meeting practices and formats, service, socials, etc.) to enrich members' experience.

While some members leave for logistical reasons, many leave because of a lack of engagement, an inflexible club culture or other unmet expectations, all of which affect a member's experience. If members are not having a good experience, your club is at risk of losing them. Look at the boxes left unchecked and consider implementing those suggestions as well as these:

SERVICE AND SOCIALS

Participating in service and having fun with fellow members are the primary reasons Rotarians join and stay in Rotary. The healthiest clubs vary their activities and offer multiple ways to get involved. Try a new kind of social event or a different service experience and watch the impact it has on your club.

MEMBERS

A healthy club is one that is growing and changing. Having members with diverse perspectives and backgrounds will fuel innovation and give your club a broader understanding of your community's needs. Pay attention to how your members are feeling about the club. Research shows that one of the most common reasons members leave is that club leaders are not open to new ideas. Involving members and giving them a voice in their club's future will strengthen both the club and members' commitment to Rotary.

- Our club has had a net increase in members in the past year.
- Our club has had a net increase in female members in the past year.
- Our club has had a net increase in members under age 40.
- Our club seeks to recruit members from professions in the community that are underrepresented in the club.

- Newer and seasoned members are paired for mentoring relationships.
- We ask members to speak at meetings about their vocations or other topics of interest.

BUSINESS AND OPERATIONS

When your club runs smoothly, you likely have good leaders who are looking toward the club's future. The leaders shape the club as a whole, and it's crucial to have skilled people in those leadership positions. For this reason, leadership development is also a way to fortify your club.

- Our club has committees that support the activities and regularly report to the club board on progress toward goals.
- Our club board changes what isn't working well and updates club bylaws accordingly.

- Our club president attends PETS, and club leaders attend the district training assembly.
- Members attend district events and seminars on Rotary topics that interest them.
- New members are officially inducted and are presented with appropriate materials.
- At least half of our club's members have a My Rotary account.

- We offer ongoing learning opportunities for our members.

WHAT'S NEXT?

Using the Rotary Club Health Check is the first step in becoming a healthier, more vibrant club. Take note of which areas had the most check marks and which had the fewest. Look at the suggested remedies and take action. When you visit your doctor, you may get advice about maintaining your good health or possibly a prescription or two to combat an ailment. If you don't follow the advice or take the prescriptions, you aren't making the most of your visit. Similarly, to make the most of your club health check, use the suggested resources to treat your problem areas. Paul Harris said, "May our happiness increase with our usefulness." As our communities and their needs change over time, Rotary clubs must adapt to continue to be useful. Your efforts to make changes will recharge your members and keep your club fit and relevant.
